Press Release - August 2018

India's Machinery Industry is the backbone for supplying necessary equipment and machines for manufacturing and production in the country. As cost plays a vital role while choosing high tech machines, the sector catering to **certified international standard USED Machines in India and from other developed countries** is rapidly finding way with attractive price tags into India's industrial market.

As private sector players are strengthening their production capacity in view of rising demand in India's Manufacturing & Engineering sectors. India offers a huge scope for growth due to increased infrastructure construction and the thriving automobile and railways sectors. A sneak preview:

- The Indian Engineering sector has witnessed a remarkable growth over the last few years driven by increased investments in infrastructure and industrial production. The engineering sector, being closely associated with the manufacturing and infrastructure sectors, is of strategic importance to India's economy.
- India's manufacturing sector has the potential to touch US\$ 1 trillion by 2025. There is potential for the sector to account for 25-30% of the country's GDP. Business conditions in the Indian manufacturing sector continue to remain positive.
- India's metro rail network is expanding at a fast pace over two dozen metro projects lined up. The Government of India has allocated US\$ 2.79 billion for metro rail companies in FY 2017-18 will increase further for coming year.
- The Indian auto industry is one of the largest in the world. The industry accounts for 7.1% of the country's Gross Domestic Product (GDP).
- The Indian Auto Component industry is expected to grow by 8-10% in FY 2017-18, based on higher localisation by Original Equipment Manufacturers (OEM), higher component content per vehicle, and rising exports from India, as per ICRA Limited.
- India needs US\$ 454.83 billion to be spent on infrastructure development over the next five years, with 70% of funds needed for power, roads and urban infrastructure segments.
- The Indian construction equipment industry is reviving after a gap of four years and is expected to grow to US\$ 5 billion by FY 2019-20 from current size of US\$ 2.8 billion, according to a report released by the Indian Construction Equipment Manufacturers' Association (ICEMA).

UMEX, A Trusted Platform To Buy or Sell Pre Owned Machinery in India

UMEX provides a unified business platform for certified international standard USED Machines from developed countries for Exploring New Business Opportunities in India. Over the Years UMEX has become - A complete conclave of CEOs, Plant Managers, Material Manager, Maintenance Managers, Factory Managers, Quality Heads and Industry Experts associated with Metal Working, Metal Forming & Fabricating and Allied Industries.

UMEX series of exhibitions has always received appreciation from all over the industry and proved to be the best international business platform for the Used Machinery in Asia.

UMEX 2018 will provide a unique opportunity to BUY OR SELL ANY INDUSTRIAL MACHINERY and an ideal platform to get the **Best Pre-Owned Industrial Machinery from 18 Countries** for various industries like:

- ✓ Metal & Metal Working Machinery
- ✓ Metal Forming Machinery
- ✓ Sheet Working Machinery
- ✓ Machine Tools
- ✓ Power Press, CNC, Lathes
- ✓ Stamping and Fabrication Machinery Equipment
- ✓ Forging & Cutting Equipment
- ✓ Textile Machinery
- ✓ Construction Machinery
- ✓ Automation

The event will be planned with other 5 specialized concurrent exhibitions for creating a Mega Business platform for Metal Working, Metal Forming, Manufacturing and Engineering Solutions.

- MMMM 2018, the Largest Event on Minerals, Metals, Metallurgy & Materials industries
- CWE 2018 for Advanced Cutting and Welding Equipment & Technology
- IMEX 2018 Latest Machine Tools (CNC, Laser, Shot Blasting, Measuring & Testing Equipment and more.....)
- HTF 2018 for Advanced Hand Tools, Power Tools and Fasteners
- TECHINDIA 2018- for Engineering and Manufacturing (Pumps, Valves, Compressors and more....)

UMEX 2018, New Delhi - Providing a Unique Opportunity to Buy or Sell Any Industrial Pre-Owned Machinery

UMEX will be jointly organized by World Metal Forum and ITEI, the Indian subsidiary of ITE Group PLC (UK) in co-operation with MTI, the globally acclaimed publication for pre-owned machines.

ITE Group specializes in organizing international exhibitions for metal working, metal working and manufacturing solutions in Asia as well as in CIS Countries.
