USED MACHINERY EXPO

www.umexonline.com

17th Edition of International Exhibition
on Pre-owned Machinery

Asia's Largest
Pre-owned
Machinery Expo

01 02 03 **SEPTEMBER 2023**

Bombay Exhibition Center, Mumbai, India

Organised by

Supported by

CO-LOCATED SHOWS

The global metal fabrication market is anticipated to expand at a CAGR of around 4% during the forecast period, 2020 – 2026. Increasing demand for metal processing and machining in the emerging economies is expected to drive the market growth.

Developing economies, such as India, China, and Indonesia, among others, along with industrialized countries, such as Japan and South Korea, have assisted the Asia-Pacific (APAC) region to dominate the manufacturing industry, in terms of demand, particularly with the demand for metal fabrication equipment.

In terms of value, the Asia-Pacific market is expected to register a CAGR of 6.7% between 2018 and 2024. Moreover, the increasing demand for metal cutting equipment is expected to increase the demand for metal fabrication equipment over the next few years.

By 2024, the Asia-Pacific market is expected to register a compound annual growth rate **(CAGR) of 6.7%** in terms of value. Moreover, increasing demand for metal cutting equipment may lead to increased demand for metal fabrication equipment over the next few years.

The Indian Metal Treatment Chemical Market is projected to reach **USD 378.4 million by 2023**

India's Industrial Laser Market is likely to reach **INR 18.18 trillion by 2026 at a CAGR of 18.2%**

India Industrial Robotics Market CAGR is expected to be 13% during the forecast period and the market size is expected to reach nearly **US\$ 9.02 Bn. by 2027**

The India **FABRICATION MARKET** is expected to grow at **5.5% over the forecasted period 2022 - 2027**. This is owing to factors such as increasing demand from the manufacturing sector and rising preference toward pre-engineered buildings and components. Government initiatives toward infrastructure development activities are also driving the market.

The Indian manufacturing sector is expected to grow by more than six times its current value and reach a total of **USD 1 trillion by 2025**. This growth in the Indian manufacturing sector will increase the demand for more manufacturing facilities in India, which will lead to higher industrial growth in the market studied.

India's rising demand for goods and services, combined with the fact that global manufacturing companies focus on diversifying their production by setting up low-cost plants in countries like India and China, has led to a rise in contract manufacturing.

The **PORTS SECTOR** has identified **US\$ 10 bn.** in potential investments, which will be awarded over the coming five years.

In India, **more than US\$ 7.7 bn** worth of metro-line construction projects have begun.

According to industry experts, growing demand in various sectors such as housing, commercial construction and industrial construction will increase cement production from **550-600 MTPA** in 2005 to **1,700 MTPA** by 2025.

The **Indian railway market** is one of the fastest growing in the world. In the next five years, it will be the third largest in terms of revenue and **10% of global revenue**.

UMEX has been well connected to the European market through its partnerships and has delivered successful shows. Hyve India Private Limited in co-operation with MTI (Machinery Trade International), an international magazine on pre-owned machines, are once again all set to bringing together leading players of the industry from across the globe.

The event has already seen 16 successful editions and is primarily targeted at machine-tool, metalworking, construction, paper manufacturing, textile, and printing industries. It is designed to provide a consistent channel of communication to members of these industries by bringing them together under one roof to share their knowledge and expertise with fellow industry members during discussions on the latest products and technology, market trends, policies, codes and standards facing these industries today.

Exhibitor Profile

- Metal and Metal Working Machinery
- Machine Tools
- Construction Machinery
- Textile Machinery
- Printing and Paper Processing Machinery
- Wood Working Machinery
- Packaging Machinery
- Food Processing Machinery
- Motive Power Engineering
- Robotics and Automation
- Earth Moving Equipments
- Farm Equipments
- Electro- Discharge Machinery
- Measurement and Testing Equipments
- Power Plant Equipments
- Water Disposal and Recycling Equipments
- Agricultural Machinery

*The List is non-exhaustive

Visitor Profile

Automotive
Auto components
Defence
Aerospace
Railways
Earth moving equipment
Farm equipment
Electrical & Electronics
Printing machinery
Textile machinery
Food processing equipment
Industrial machinery
Agricultural machinery
Plastics
Computer peripherals
Pumps and Diesel engine industry

*The list is non exhaustive

Job Profile

CEOs, Senior Executives
General Managers Plant Head
Procurement Heads
Purchase Managers
R&D Heads
Production Managers
Quality Assurance Managers
Welding Heads
Welding Engineers
Design Engineers
Material Manager
Maintenance Managers
Factory Managers
Consultants
Policy Makers

SOME BRANDS AT SHOW

...and many more

for EXHIBITOR

Showcase your latest machinery, technology, products and services to highly focused trade visitors, trade media and trade delegations

One to One interaction with the industry professionals

Brand building with the industry and end users

Explore new business and investment opportunities

for SPONSOR

Enhance your leadership status

Educate and inspire a targeted audience with your products and services

Raise brand awareness and create preference to a targeted audience

Build leadership status in the industry

for VISITOR

- Explore the latest technology, machinery and services available in the market
- Explore availability of raw materials and suppliers
- Networking platform to connect with leading industry players
- Unparalleled opportunity for business tie-ups

and Much More to Explore...

www.hyve.group

Hyve India Pvt Ltd is a part of Hyve Group PLC, UK.

We are Hyve - We create unmissable events, where people from all corners of the globe connect, learn & inspire, sharing extraordinary moments, advancing businesses and helping to shape industries. Our vision is to create the world's leading portfolio of content-driven, must-attend events delivering an outstanding experience and return on investment for our customers. This vision sits at the heart of everything we do and informs every decision we make.

We work across various industry sectors including, Engineering, Metal, Machinery, Paper, Packaging, Pro Sound & Light Roofing, Tools, Tissue and more across India & beyond.
