

UMEX™

USED MACHINERY EXPO

www.umexonline.com

16th Edition of International Exhibition
on Pre-owned Machinery

Asia's Largest
Pre-owned
Machinery Expo

25 26 27 **AUGUST 2022**

Pragati Maidan, New Delhi, India

Organised by

Supported by

CO-LOCATED SHOWS

The global metal fabrication market is anticipated to expand at a CAGR of around 4% during the forecast period, 2020 – 2026. Increasing demand for metal processing and machining in the emerging economies is expected to drive the market growth.

Developing economies, such as India, China, and Indonesia, among others, along with industrialized countries, such as Japan and South Korea, have assisted the Asia-Pacific (APAC) region to dominate the manufacturing industry, in terms of demand, particularly with the demand for metal fabrication equipment.

In terms of value, the Asia-Pacific market is expected to register a CAGR of 6.7% between 2018 and 2024. Moreover, the increasing demand for metal cutting equipment is expected to increase the demand for metal fabrication equipment over the next few years.

Welding Consumables Market is expected to grow at a
CAGR 10-11% over next five years from **US\$ 396 mn to US\$ 600 mn.**

Indian Metal Treatment Chemicals Market
is Expected to Reach **US\$ 378.4mn. by 2023**

Indian Industrial Laser Processing market is expected to grow at 19% CAGR to €1 billion by 2021
is expected to reach **US\$ 71.72 bn. by 2023**

Indian Industrial Robotics Market
is expected to reach **US\$ 71.72 bn. by 2023**

The India **FABRICATION MARKET** is expected to grow at 5.5% over the forecasted period 2022 - 2027. This is owing to factors, such as the increasing demand from the manufacturing sector, the rising preference toward pre-engineered buildings and components, and government initiatives toward infrastructure development activities.

The Indian **MANUFACTURING SECTOR** is expected to register a growth of more than six times than the current value, by 2025, to USD 1 trillion. This growth in the Indian manufacturing sector, in turn, is likely to increase the number of manufacturing facilities in the country, which is, thus, expected to drive the demand in the market studied.

The rising demand for **GOODS AND SERVICES** across various sectors in India, combined with the fact that global manufacturing companies focus to diversify their production by setting-up low-cost plants in countries, like India and China.

Within the **PORTS SECTOR**, projects worth an investment of US\$ 10 bn. have been identified and will be awarded over the coming five years.

India to build 700 km of **NEW METRO LINES**, more than US\$ 7.7 bn. Worth of projects are underway in India.

Due to the increasing demand in various sectors such as housing, commercial construction and industrial construction, the **CEMENT INDUSTRY** is expected to reach 550-600 MTPA by the year 2025

The Indian **RAILWAY NETWORK** is growing at a healthy rate. In the next five years, the Indian railway market will be the third largest, accounting for 10 % of the global market.

UMEX Asia's largest Pre-owned / Used Machinery exhibition is being organized from 25-27 August 2022, Pragati Maidan, New Delhi, India

UMEX has always been well connected to the European market through its partnerships since its inception and has been delivering successful shows. Hyve India Private Limited in cooperation with MTI (Machinery Trade International), the globally acclaimed magazine on Pre-Owned machines are once again all set to bring together leading players of the industry from across the globe.

The event has already seen 14 successful editions and is primarily targeted at Machine tools, Metal working, Construction, Paper, Textiles and Printing besides other industry sectors. This unique platform has been created with the objective to provide a consistent channel of communication to the members of this industry to come together under one roof and share their knowledge and expertise with fellow members from the industry to partake in discussions on latest products and technology, market trends, policies, codes and standards and challenges faced by the industry today.

Exhibitor Profile

- Metal and Metal Working Machinery
- Machine Tools
- Construction Machinery
- Textile Machinery
- Printing and Paper Processing Machinery
- Wood Working Machinery
- Packaging Machinery
- Food Processing Machinery
- Motive Power Engineering
- Robotics and Automation
- Earth Moving Equipments
- Farm Equipments
- Electro- Discharge Machinery
- Measurement and Testing Equipments
- Power Plant Equipments
- Water Disposal and Recycling Equipments
- Agricultural Machinery

*The List is non-exhaustive

Visitor Profile

- Automotive
- Auto components
- Defence
- Aerospace
- Railways
- Earth moving equipment
- Farm equipment
- Electrical & Electronics
- Printing machinery
- Textile machinery
- Food processing equipment
- Industrial machinery
- Agricultural machinery
- Plastics
- Computer peripherals
- Pumps and Diesel engine industry

*The list is non exhaustive

Job Profile

- CEOs, Senior Executives
- General Managers Plant Head
- Procurement Heads
- Purchase Managers
- R&D Heads
- Production Managers
- Quality Assurance Managers
- Welding Heads
- Welding Engineers
- Design Engineers
- Material Manager
- Maintenance Managers
- Factory Managers
- Consultants
- Policy Makers

SOME BRANDS AT SHOW

and many more

for EXHIBITOR

- Showcase your latest machinery, technology, products and services to highly focused trade visitors, trade media and trade delegations
- One to One interaction with the industry professionals
- Brand building with the industry and end users
- Explore new business and investment opportunities

for SPONSOR

- Enhance your leadership status
- Educate and inspire a targeted audience with your products and services
- Raise brand awareness and create preference to a targeted audience
- Build leadership status in the industry

for VISITOR

- Explore the latest technology, machinery and services available in the market
- Explore availability of raw materials and suppliers
- Networking platform to connect with leading industry players
- Unparalleled opportunity for business tie-ups

and Much More to Explore...

About us

www.hyve.group

We are Hyve - We create unmissable events, where people from all corners of the globe connect, learn & inspire, sharing extraordinary moments, advancing businesses and helping to shape industries. Our vision is to create the world's leading portfolio of content-driven, must-attend events delivering an outstanding experience and return on investment for our customers. This vision sits at the heart of everything we do and informs every decision we make.

We have more than 130 events taking place every year all around the world, and across multiple industry sectors from fashion to food and building to tourism.
